## ABOUT ME

---

Passionate Junior front end Developer Expertise in web Programming and Development with Angular Framework, Up to date, Implement design concepts into visually appealing UI, Focus on optimal UX, Search Techniques, Familiarity with Back-end Integration (APIs, JSON, Restful Services), Know how to deal with different screen sizes (Responsive Concepts), Integration Payment (Stripe ), Continuous Learning, Ability to expanding knowledge and skills, staying updated with last Angular advancements and industry trends, Committed to contributing innovative solutions and supporting Project Success.

Open to new Opportunity where i can develop my skills to create powerful web apps .

## EDUCATION

---

**B.** El shrouk Academy (Faculty of computer science) **2019 – 2023**  
- Grade : good . - graduation project : excellent

**HS** Boys Military High School **July 2019**

## COURSES

---

• **Elzero web school** **Mar 2021**  
- Html . - Css .  
- Javascript . - Typescript .

• **TSA ( Tiba Study Abroad )** **nov 2021**  
- Python . - Artificial Intelligence.  
- Mobile application .

• **Nti ( National Telecommutation Institute )** **oct 2023**  
- Html . - Css .  
- Bootstrap - Javascript  
- General projects .

• **Route Material** **nov 2023**  
- Angular . - Angular material .  
- E-commerce .

## SKILLS

---

• **Technical Skills**  
- Html . - Css . - Bootstrap.  
- Javascript . - Typescript . - Python .  
- Json . - Api . - Rxjs .

- Angular .
- Angular material .
- Ajax .
- Ngx
- **Tools**
  - Vs code
  - Postman
- **Version Control System**
  - git .
  - github .
- **Soft Skills**
  - Team lead skills .
  - Excellent communication and presentation abilities .
  - Collaborate effectively with diverse teams to achieve common goals.
  - Demonstrated strong interpersonal and communication skills to build rapport and foster a positive team environment.
  - Effectively facilitated group discussions and meetings, ensuring all voices were heard and valued

  - Dedicated to meeting deadlines .

## PROJECTS

---

### CONSTRUCTION-SERVICE template

In this website, I practiced creating responsive web pages using HTML , CSS and Bootstrap . This website was a task from Nti course .

- **Key skills**
  - Html .
  - Css .
  - Bootstrap.
  - Responsive web page .
- **Link :** [click to see demo](#)

### DMC – template

Developed a responsive website comprising two dynamic pages, leveraging advanced techniques in HTML and CSS, including Flexbox layouts and CSS animations. Additionally, integrated interactive maps to enhance user experience and engagement on the site .

- **Key skills**
  - Html .
  - Css .
  - Css animations.
  - Bootstrap .
- **Link :** [click to see demo](#)

### WEBSITE – template

This website served as a training ground for mastering various CSS animations, offering hands-on practice with responsive design principles. It features a multitude of responsive animations designed to enhance user engagement and interactivity , This was one of the great applications with Elzero Web School.

- **Key skills**
  - Html .
  - Css .
  - Css animations.
  - Responsive web page .
- **Link :** [click to see demo](#)

### KASPER WEBSITE – template

This website served as a training ground for incorporating engaging images and videos into the site, complemented by subtle animations to enhance the user experience. It stands as one of the practical applications fostered by Elzero Web School.

- **Key skills**
  - Html .
  - Css .
  - Css animations.
- **Link :** [click to see demo](#)

### E-COMMERCE Fresh carts – template

this website has Registration, Login, Authentication, Authorization, Mail Integration, Online Payment Tool Integration, Using Real API, CRUDS Operations , product browsing , product description viewing , adding and removing products from your cart , adding , and secure online payment transactions through an integrated payment gateway stripe this wonderful project was with route academy

- **Key skills**
  - Html .
  - Typescript .
  - Rxjs .
  - Css .
  - Angular v16 .
  - Jwt - decode .
  - Bootstrap .
  - Api .
  - Ngx .
- **Link :** [click to see demo](#)

### CRUD OPERATION – template

This website features two types of users: regular users and admin. The admin is responsible for adding tasks by entering the user's name, task details, deadline, and additional information. When a user logs in, they can view their assigned tasks along with their deadlines.

- **Key skills**
  - Html .
  - Typescript .
  - Rxjs .
  - Css .
  - Angular v16 .
  - Angular material
  - Bootstrap .
  - Api .
  - Ngx .
- **Link :** Working on .....

### Final website

This website serves both students and teachers. Teachers log in to the site to add exams and specify the subject. When a student logs in, they can see the subjects added by the teacher. I utilized JSON-server to store student and teacher data upon login. Each student can take an exam only once, and upon completion, the result is immediately displayed.

- **Key skills**
  - Html .
  - Typescript .
  - Rxjs .
  - Css .
  - Angular v16 .
  - Angular material
  - Bootstrap .
  - Json - server .
  - Ngx .
- **Link :** Working on .....

## LANGUAGES

- **Arabic:** Mother tongue

**English:** Good
